

Bluegrass Premier FHL, LLC

Bluegrass Premier is ready for its fifth indoor season. Please sign up today for our challenging program that will be starting soon!! We have listed all pertinent information to get you started with the “premier” field hockey club in town. We are planning a highly competitive indoor season for our travel and non travel teams. Whether you are interested in traveling or not – your overall hockey skills can vastly improve with our indoor program. Our indoor coaches have extensive indoor playing experience and are among the top indoor coaches in the region.

Indoor Field Hockey is played on a fast sport court or gym floor. It requires stick work, ball control and passing ability. Most high school coaches recommend indoor programs to strengthen and fine tune these skills. Bluegrass Premier’s Indoor training sessions will normally last 1 hour to 1 ½ hours – on sport court flooring. What to bring? Besides yourself, come ready to learn and work hard. You must also bring your hockey stick (indoor stick preferable), shin guards, mouth guard and water. These items are mandatory.

When? We are conducting evaluations of U-12, U-14, U-16 and U-19 players over several weeks in November. Each player will be evaluated and placed on a team that best suits their skills and competitive level. We offer both travel/non-travel levels. Attending these evaluations offers you the best chance to be correctly evaluated for the indoor season.

It is easily accessed from the Watterson Expressway/Southern Parkway exit. It is near the Louisville International Airport and is not in a high traffic area.
